FROM: Robin Shivley, Manager
EMS & Trauma Systems Section

RE: Advanced Practical Examination

A temporary process has been established in order to allow our Specialist and Paramedic graduates to take the National Registry of Emergency Medical Technician (NREMT) advanced practical examination. A more permanent process will be established in January.

The Department has established a temporary agreement with Mobil Medical Response (MMR) and Huron Valley Ambulance (HVA) to serve as examination sites for the months of January and February. Advanced practical examinations have been scheduled for the following dates and locations:

January 18	January 30	February 2	February 15	February 22
HVA	MMR	HVA	HVA	MMR

A practical examination reservation form has been developed and is posted on our website at www.michigan.gov/ems under "Announcements".

The Advanced practical examination form must be sent or faxed to the department for verification (see reservation form). A confirmation letter will be provided to each graduate which, must be presented at the exam site.

The above examinations are only available to Michigan graduates and will be on a first come, first serve basis. The practical exam fees are as follows:

	EMT-S	Paramedic
Initial	\$100	\$125
Partial Retest	\$ 70 (2 or less skills)	\$ 90 (5 or less skills)
Full Retest	\$100	\$125

Examination fees must be made payable to the confirmed examination site (either HVA or MMR) and must be presented upon registration at the exam site (DO NOT SEND FEES TO THE DEPARTMENT). This information will be provided to the graduate in their confirmation letter from the Department.

Any questions regarding the process, email Tony Sorensen at tsoren@michigan.gov
